

TECH4FUTURE

SoftBank Group partnered with Invest India to launch Tech4Future Grand Challenge on 19th November 2018 to support top Indian startups that have developed a global product in the fields of Machine Learning, Artificial Intelligence, Face Recognition and Cyber Security.

This challenge was launched as a part of the launch of **Japan India Startup Hub by Hon'ble Prime Minister of India.**

An evaluation committee reviewed the details filled in by the startups on the basis of novelty of their solutions, scalability and impact potential to identify the winner.

ParallelDots was declared as the winner for Tech4Future grand challenge and won USD 50,000 cash prize from SoftBank Group Corp. ParallelDots is an Artificial Intelligence (AI) analytics platform for enterprises with a focus on consumer brands.
